

About the Authors

Dr. Sourabh Kosey holds a Ph.D. in Pharmacy Practice and is currently employed as a Professor & Head, Dept. of Pharmacy Practice, ISF College of Pharmacy, Moga, Punjab, India. With 14 years of experience, he is actively involved in academics, research, and administration. Dr. Kosey is a member of Pharmacy education committee MP State Pharmacy Council. Dr. Kosey is Member Secretary of Institutional Human Ethics Committee approved by Dept. of Health and research, Government of India at ISFCP. Dr. Kosey is also serving as Coordinator Adverse drug reaction Monitoring Centre approved by IPC Ghaziabad under Pharmacovigilance program of India. Dr. Kosey has authored 21 books, published 68 national and international publications, and delivered 172 guest lectures. He also serves as the Multimedia and Admission Coordinator for the institute and is a Faculty Advisor for International society for Pharmacoeconomics and outcome research. Additionally, he is the Course Coordinator for India's first skill-based online program for Pharmacy students on medical store management. 5 batches have completed by him on medical store management. Dr. Kosey is serving as National secretary of the renowned "Pharmalok". He is certified Trainer for Basic Life Support and Advanced Cardiac Life Support by the American Heart Association. He holds a Post Graduate Diploma in Clinical Research and has successfully conducted two clinical trials registered with CTRI. Dr. Kosey has 10 patents, one copyright to his credit and is committed to promoting pharmaceutical sciences and Pharmacy practice.

Dr. Kanchan Bala is currently serving as an Assistant Professor at ISF College of Pharmacy, Moga, Punjab. She completed her Doctor of Pharmacy (Pharm. D.) degree at the same institution, building on her solid foundation in pharmaceutical sciences developed during her Bachelor of Pharmacy program. She has made notable academic contributions through published research and authorship in the field of pharmacy education. Her published works include articles such as "Emerging Roles of Cannabinoid Receptor CB2 in the Central Nervous System: A Therapeutic Target for CNS Disorders", "Exploring the Common Genes involved in Autism Spectrum Disorder and Parkinson's Disease: A Systemic Review", and "The Role of HIF-1 α in Alzheimer's Disease and Its Therapeutic Potential". She has also authored two book chapters published by Brillion Publishing—one on **adverse drug reactions** in *A Textbook of Pharmacovigilance*, and another highlighting **clinical pharmacy skills**, including patient counselling techniques and medication history interviews, in *A Textbook of Clinical Pharmacy*. Dr. Kanchan Bala continues to dedicate herself to academic excellence, patient care, and professional growth, aiming to contribute significantly to pharmacy practice and healthcare education through both research and teaching.

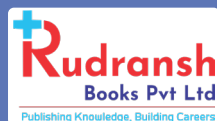

Dr. Ratima Sood is currently serving as an Assistant Professor at ISF College of Pharmacy, where she combines her clinical knowledge and academic experience to educate and mentor future pharmacy professionals. She holds a Doctorate of Pharmacy (Pharm.D) and brings a well-rounded background in both healthcare and education.

Prior to joining ISF, Dr. Ratima worked as an Assistant Professor at CT University, where she led academic coordination, and student engagement activities. Her earlier clinical experience includes a comprehensive internship at a multi-specialty hospital, where she was actively involved in medication reconciliation, adverse drug reaction (ADR) monitoring, drug utilization reviews, and multidisciplinary care across departments such as internal medicine, critical care, and infectious diseases.

In addition to her teaching and clinical roles, Dr. Ratima has contributed to pharmaceutical research and publications on topics including anaemia with splenomegaly and PCOS-related complications. She continues to pursue academic and scientific growth through various professional certifications, including BLS and ACLS training, diagnostic stewardship in antimicrobial therapy, and workshops on brain research and advanced drug delivery.

With her passion for pharmacy education and evidence-based practice, Dr. Ratima Sood is dedicated to advancing healthcare through teaching, research, and compassionate patient care.
